

Years of Service AWARDS Catalog

Years of Service AWARDS

In appreciation of your loyalty and in recognition of your years of service, the County of Mendocino has enhanced the Years of Service Award Program. With each five years of service, your award options will become more valuable, not only because of the content, but because of the years of service they represent. Additionally, an award certificate will be issued beginning at 1 year of service and at each consecutive five year milestone.

At each anniversary, you will be able to choose your award from one of the options presented in this catalog. You may continue to select the service pin option beginning at 5 years of service (shown below) or one of two other options presented on the following pages. Please note you will automatically receive the County of Mendocino service pin award if an alternative option is not communicated to Human Resources within the timeline provided to you.

On behalf of the County of Mendocino, we are so proud to have you as part of our work family. We know you have worked hard for this accomplishment and we truly appreciate your dedication. Best wishes to you for these many years to come!

Congratulations!
