

**CONFLICT OF INTEREST CODE
COUNTY OF MENDOCINO**

Disclosure of Financial Interests

The Political Reform Act, Government Code §§81000-91015, requires each state and local government agency to adopt and promulgate a Conflict of Interest Code. The Fair Political Practices Commission has adopted a regulation, found in Title 2, California Code of Regulations, §18730, which contains the terms of a standard Conflict of Interest Code. This code can be incorporated by reference and may be amended by the Fair Political Practices Commission after public notice and hearings to conform to amendments of the Political Reform Act. The terms of the standard Conflict of Interest Code in Title 2, California Code of Regulations, §18730 and any amendments to it duly adopted by the Fair Political Practices Commission have been incorporated by reference by Resolution of the Board of Supervisors of Mendocino County, along with attached Appendixes A through D, in which members and employees are designated and disclosure categories are set forth, and the place of filing is specified. Such terms and amendments and Appendixes are incorporated in the Conflict of Interest Code of the County of Mendocino.

Designated Positions. The positions listed in Appendix A are designated positions. Persons holding those positions are deemed to participate in the making of decisions which may foreseeably have a material effect on a financial interest.

Economic Disclosure Statements. Designated employees shall file statements of economic interest with the agency. Upon receipt of the statements of the various designated members and employees, the designated agency shall make and retain a copy and forward the original of these statements to the place of filing as indicated on Appendix C, attached.

APPENDIX A

PART I - DESIGNATED EMPLOYEES

Under provisions of this Code, designated employees shall file statements of economic interests. The following are designated employees because their positions involve the making or participating in the making of governmental decisions, which could materially and foreseeably have a financial impact on the official's private financial interests. A financial impact or effect is presumed to be both foreseeable and material if the financial interest is "explicitly" or directly involved in the decision. A financial interest is explicitly involved in the decision whenever the interest is a named party in, or the subject of, a governmental decision before the official or the official's agency. Any reportable investments, interests in real property, and sources of income held by the designated employee's spouse or dependent children must be reported as though held by the designated employee personally.

Consultants to the County of Mendocino hold designated positions under this Conflict of Interest Code and are required to comply with the disclosure requirements described below. The Chief Executive Officer may determine in writing that a particular consultant is hired to perform a range of duties that are limited in scope and thus not required to comply with the disclosure requirements described in these categories. Such determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Chief Executive Officer shall forward a copy of this determination to the Board of Supervisors. However, nothing herein will excuse any such consultant from any other provision of this Conflict of Interest Code.
