Client Success Story

At a recent shot clinic visit an adult client, who has had several hospitalizations over the years and struggled with meds compliance, reported that they started a new job. They also stated that they have never felt better and are grateful for our services.

Psychiatric Support Services

AHM has added a process to call clients who no show to find their barriers and ensure meds compliance.

Anchor Rehabilitation Center

AHM continuing to see good progress on the clients that have been admitted. Working on connecting with local resources and families. We are still receiving referrals.

Substance Use Disorder

AHM is continuing to work with Partnership to become a provider. In the meantime, we are using the DBT addiction curriculum.
